

What to bring.....

- Personal medications (as applicable)
- Long sleeve shirt, Long pants, Pants belt
- Personal Toiletries, Small towel
- Change of clothes
- Sleeping Bag/pillow (small)
- Light Rain Jacket – (Storms)
- Sunglasses (these are the most lost item on our trips so do not bring your \$400 ones)
- Wide brimmed Hat, Sunscreen
- Head Torch (overnight)
- Suitable footwear to wear in the water. If you are not sure, please call Dave. Rocks are very slippery. No soft beach soles, Change of footwear for evening. No thongs they are dangerous so closed shoes are best.

If you don't own a wet bag, this will be supplied along with a barrel if required just let us know in advance.

Fishing Gear.....

We will be dealing with some great Bass and there is always the Eastern Cod that will grow up to 1M (40lb) lurking in the shadows. Big Bass in fast moving water require bigger gear than you may be used to. I recommend you only use one rod as in the fast moving water and low branches you need to be able to look after your gear. When people bring 2 rods it normally ends in them breaking one. You can use snap clips if you would like to change lures often.

I recommend that you use the following:

20lb Braid with 15lb leader.

6lb+ rod (I prefer 10-17lb fast action) I will have a spare Bait caster rod or spinner rod if that's what you use but you should bring your own spare reel or at least more braid . If you do not have one please let me know and I will supply one.

Suitable Lures (no small surface lures like Cicada imitations as the Cod swallow them down to the gut) and the Barbs must be crimped (no exceptions). This is for the fish, yours and more importantly **my** safety. We will be a long way from a Dr`s or a Hospital so Hook removals will be done by Dr Dave.

Lip Grips are needed for the Cod and I suggest you purchase plastic fish friendly ones not the Bogey Type. If we are using Kayaks then you will need to be self sufficient with landing net and all your normal fishing equipment. If we are sharing a Canoe you will only need your lure box etc, as I will pack measure mats and landing nets.

I suggest we have a phone call before the trip to talk about what to pack and I love a chat on Facebook so don't be afraid to message me and ask some questions after all this is **YOUR** trip.
